Mr. Totty,

Please accept this as a letter of reference for your airplane brokerage business. Feel free to copy and disseminate anything herein, in part or whole.

I used Mr. Totty for both the purchase and sale of my Bonanza A36 airplane. Kirby's knowledge of the industry made him absolutely indispensable throughout my ownership of the plane. He helped me track down an airplane that best fit my use profile, found qualified pilots, directed me to reputable insurance carriers and managed every facet of maintenance. The real benefit of dealing with Kirby Totty is that the airplane business is his profession, not just his job. I would absolutely use Mr. Totty for another aircraft purchase in the future.

Sincerely,
Lee Holmes
