**August 2013**

**I am writing on behalf of my friend, Kirby Totty.**

**I have known Kirby for more than 30 years.**

**He has always been a good friend, an honest man, a good businessman, and a dependable person.**

**His knowledge of aviation is profound. He is a good pilot and a good mechanic. He is a good judge of things aviation related.**

**I have seen him in another business environment and found him to be professional and knowledgeable. He follows up and finishes.**

**He has many strengths. I can recommend Kirby to work with you without reservation.**
