To Whom It May Concern:

I have known Kirby Totty for over 20 years in a professional capacity as he has handled all the needs of my Cessna 182. He has always been timely, fair, and knowledgeable in all areas of the maintenance of the airplane. Kirby is a great person to work with and it has been to my benefit over two decades to have him monitoring the health of our plane.

He has my full recommendation to anyone looking for a variety of airplane needs. Most of all, he is an individual in whom I have always had the utmost trust.

Sincerely,

J. Barry Banker
