Kirby Totty and I met when I was moving up to a Bonanza. He guided me in the purchase of a beautiful V35b and subsequently maintained the airplane meticulously. When I decided to move up again to an A36, Kirby identified a buyer for the V35b . That transaction was handled professionally and without glitches.

Kirby continued to work with me in maintaining the A36. I had complete confidence and trust in his judgment. I learned the great benefit of flying an airplane that was in as nearly perfect condition as his extraordinary skill and commitment could make it.

When the calendar said it was time for me to stop flying, Kirby handled the sale of my beautiful airplane to the right purchaser. Even that bittersweet experience could not have gone more smoothly.

Looking back I don't think I would want to own an airplane unless Kirby was there to take care of it. He is that good. In addition to his superb technical skill, he is a man of integrity. He can be relied upon, and he is just fun to work with.

Many thanks for the memories, Kirby, and all the best.
